

STANDARD ANSWERS WITH STANDARD TECH

"I learned how to identify an SP, no fail.

"I learned why he got that way and what he's doing now. That understanding is invaluable because it let me make sense out of instances where I've seen people do suppressive things or where there was actually a bona fide SP.

"This course also puts the fourth dynamic in perspective. I clearly see the suppression from governments and agencies bent toward destruction. I see finance flows that back up this destruction and the propaganda machines set in place to continually create an unsafe environment.

"I could go on and on because this tech applies across all dynamics. The data on theta, on problems, on overts, evil purposes, the data on being stuck on the track and so much more. Everyone needs this course!"—K.H.
